

HB-SecureAllround® is our high quality product line. Designed to be flexible for use in a wide range of working settings, it can be relied upon to provide protection against electric arcs, heat, flames, molten iron splashes, welding beads and chemicals. And of course, the products in the collection impress with the perfect cut, easy-to-wear fabric and excellent comfort that have become synonymous with HB.

MATERIAL: HABETEX® unlimited // 75% COTTON, 24% POLYESTER, 1% CARBON // fluorocarbon (FC) finish, should be retreated during the laundry process - ATPV VALUE: 11.8 cal/cm² - 494.0 kJ/m² - HAF VALUE: 79% - MATERIAL WEIGHT: approx. 350 g/m² - APPLICATIONS: Electrical installation, public services, energy suppliers, plant construction, electrical trade, applications involving light molten metals

The HB-SecureAllround® collection is of course also suitable for industrial laundry.

1 SYSTEM,
MORE THAN 1000
POSSIBILITIES

READY TO WEAR:
1 SYSTEM,
MORE THAN 1000
POSSIBILITIES.

With Ready To Wear small and medium-sized enterprises now have the opportunity to put together a **customised protective clothing collection** with a look that is just right for them and at their convenience.

Choose from **4 products** (jacket, trousers, bib and brace trousers or coverall), **216 colour combinations**, **12 equipment versions** (3M™ Scotchlite™ reflective strips, knee pad pockets and a second combat or 1 ruler pocket) and **28 sizes**. Even better, customised collections can be delivered in just 21 days.*

Available if you order **15 or more units of any one item****, HB Ready To Wear provides you with high-quality protective clothing in a modern design which is simply a pleasure to wear. What's more, we offer **maximum flexibility** combined with **minimum delivery times!**

*Outside Germany, delivery will take a few days longer.

**Up to a maximum of 60 units. Delivery times for larger quantities are available on request.

Use our Ready To Wear Configurator to design your own protective clothing!

3 colour ranges are available for you to create colour schemes for jackets, trousers, dungarees or coveralls. Each palette of 6 base colours produces 216 possible colour combinations for each item of clothing. You can refine your designs by choosing from a range of options including 3M™ Scotchlite™ reflective strips, knee pad pockets and even a second thigh pocket or a ruler pocket.

Come and try the Configurator for yourself at www.hb-ready-to-wear.com.

be safe. we care.
